

## Mockup Lady License Terms

Mockup Lady offers free mockups for designers and creatives to explore their creativity with ease and no barriers. Our mockups are royalty-free and can be used for both personal and commercial projects, but with a few conditions. Please read carefully to understand how to use our files correctly:

### What You Can Do:

- Use the mockups in personal or commercial projects, for yourself or your clients.
- Modify, manipulate, or combine our mockups with other elements to create new derivative works.
- Use the mockups in website templates or other final products for sale, with no attribution required (though we'd love it if you credit Mockup Lady).

### What You Cannot Do:

- Redistribute, sell, or share our mockups as-is (PSD files), whether for free or for profit.
- Include our mockups as part of resource bundles or integrate the original files into templates or design tools.
- Make superficial edits to our mockups and redistribute them as your own, regardless of whether they are free or paid.

### Why Does This Matter?

These mockups are crafted with care so everyone can enjoy high-quality resources. By following these guidelines, you help us keep access free and ensure we can continue creating extraordinary mockups for the community.

If you need a special license or have any questions about using our mockups, feel free to contact us.

***Thank you for respecting our work and being part of the Mockup Lady community!***

**Our mockups are crafted to inspire your creativity and elevate your designs [completely free, because great ideas deserve no barriers.]**
